Based upon each patient's prescription plan, additional questions may be required to complete the prior authorization process. If you have any questions about the process or required information, please contact our prior authorization team at the number listed on the top of this form.

Prior Authorization of Benefits is not the practice of medicine or a substitute for the independent medical judgment of a treating physician. Only a treating physician can determine what medications are appropriate for the patient. Please refer to the applicable plan for the detailed information regarding benefits, conditions, limitations, and exclusions.

The document(s) accompanying this transmission may contain confidential health information. This information is intended only for the use of the individual or entity named above. If you are not the intended recipient, you are hereby notified that any disclosure, copying, distribution, or action taken in reliance on the contents of these documents is strictly prohibited. If you received this information in error, please notify the sender immediately and arrange for the return or destruction of the documents.

For plans in West Virginia with BIN 003858 (Express Scripts) on the ID card, Wellfleet Rx requires prior authorization on the following medications under the prescription drug benefit. Medications under the formulary may also require step therapy.
