QUALIFYING LIFE EVENTS

QLE INFO

Learn about different Qualifying Life Events (QLE) that can make you eligible for a Special Enrollment period.

WHAT IS A QLE?

A Qualifying Life Event (QLE) is a change in your situation — like getting married, having a baby, or an involuntary loss of health coverage — that can make you eligible for a Special Enrollment Period, allowing you to enroll in health insurance outside the plan's scheduled Open Enrollment period(s).

After reading this document, if you have additional questions, please email qualifier@wellfleetinsurance.com or call us at 877-657-5030.

EXAMPLES OF QLE'S:

(Please note that dependents can only be added to a plan IF the plan has dependent coverage)

- Student 'aging off' parent's plan
- Change in employment such as reduction of hours or termination
- Divorce
- Marriage
- Adding a Newborn
- Adoption
- Spouse/Dependent of International Student entering the U.S.

NEW STUDENTS:

A new student or transfer student may be able to enroll outside of the plan's Open Enrollment period. We must receive verification of new student/transfer student status from your school.

HOW TO ENROLL:

In most cases, a student must apply for coverage, submit supporting documentation (see chart below), and pay premium within the required time frame. Refer to the Student Health Plan for your school to verify the number of days allowed for enrollment in the plan due to a QLE or as a new/transfer student.

- Send an email to qualifier@wellfleetinsurance.com. Email should include the student's name, school, an explanation of the QLE and any required documentation (see chart below)
- Wellfleet will verify receipt of enrollment request via email and will request any additional information required
- When all required documentation is received by Wellfleet we will verify eligibility with your school
- Once eligibility is verified, Wellfleet will email instructions for making payment and any additional steps required to enroll
- Student will be notified by email if it is determined that he/she is not eligible to enroll at any time during the process. Possible reasons for ineligibility include:
 - Documentation is not submitted within required time frame.
 - Student is not enrolled in required number of credits to be eligible for Student Health Plan
 - Situation is not a true Qualifying Life Event (QLE)
